

BERT FRANK

MASINA

HISTORY

Bert Frank is an award-winning British lighting brand founded by designer, Robbie Llewellyn and manufacturing specialist, Adam Yeats, who share a passion for life-enhancing design and a deep respect for the heritage of British engineering.

We remain committed to celebrating British craftsmanship and quality and to this day, we still manufacture and assemble every product exclusively in the UK from our factory in Birmingham, by combining traditional manufacturing methods with cutting-edge technology and the highest-quality materials.

Bert Frank's mission is to draw on influences from industrial hallmarks, art deco forms and mid-century design sensibilities, to create expressive lighting that honours the legacy of British design through their enduring quality, built to last a lifetime.

FINISHES

A curated selection of finishes, colours, and textures is available for all elements of the lighting pieces, offering endless possibilities to complement any interior design scheme. These options allow for complete creative freedom, enabling each piece to be customised to reflect the distinct aesthetic of a project.
